

Corporate Customer Training on Information Security & CATO (Webinar Recording) (Recorded on May 24, 2016)

The Corporate Account Takeover (CATO) regulatory recommendations underscore the need for banks to implement a customer awareness and education program, with a focus on cybersecurity. This webinar recording is designed to help you meet that need. Topics focused for your customers include:

- Review recent security breaches in the headlines and the lessons learned for businesses of all sizes.
- Learn why things like phishing, malware and default passwords are so dangerous to them, their organizations and your bank.
- Learn the top five security practices to help businesses improve their information security program.
- Understand what CATO is and how it happens.
