Current State of the Natchitoches Area Economy

The mission of this luncheon is to:

- offer a venue for bankers, who are up and coming leaders in the bank, to network with fellow bankers in their area
- offer a career or personal development speaker to the group
- build a regional advisory group for LBEC that will:
 - help to promote financial literacy to the bankers and other groups in their region
 - become a center of influence for the region – for example, when LBA needs bankers to provide information for legislation/regulation activity, or, to talk with legislators or Congressmen, this group may be contacted to support the cause; when groups contact LBA about bankers participating in local activities such as teaching financial literacy, opening a bank at school or supporting a financial literacy program, LBA will notify this group of the opportunity
 - be open to opportunities for the group to learn more about the banking industry and ways to support the industry we all call our own; legislation, regulation and Political Action Committees' activities
 - assist with annual luncheon coordination
 - consider regional activities for area bankers
