

Disaster Recovery Basics - Planning, Testing & Training (Webinar)

June 7, 2017 ☐ 3:30pm-4:30pm

Planning for response to and recovery from the next storm, cybersecurity attack, system failure or other disaster event can be challenging and time consuming. This session will provide an overview of topics that should be included in your Disaster Recovery/Business Continuity plan, testing recommendations and tips to conduct effective disaster training. We will also review what regulatory agencies expect to see in your recovery program and parish requirements for re-entry.

Webinar Speaker

Traina & Associates provides IT audit, consulting and training services to financial institutions, medical entities, CPA firms and their clients. The Firm has been providing services in the IT area since 1999 and each year performs hundreds of audit, consulting and speaking engagements with a team of experienced professionals retaining numerous certifications, including CPA, CISA, CITP, CGMA and CTGA.

For every engagement, the staff of highly trained professionals tailors the work for the unique makeup, size and complexity of the organization and information and reports are presented in a concise manner, making them easy to understand by those having a variety of IT expertise.
