Information Security for Bank Employees (Webinar)

June 20, 2018 ☐ 3:30pm - 4:30pm

Banks are expected to train all employees each year on current information security topics. This webinar is designed to meet that need and provide training for employees at all levels.

Topics covered include:

- The current threat landscape and lessons learned from recent cases
- Key security considerations for doing business in a cyber world
- How recent privacy laws may impact your bank
- The Top 10 employee information security issues
- Corporate Account Takeover (CATO)

Who Should Attend:
Technology Officers, IT and IS staff, Security Officers, COOs

Webinar Speaker:

Traina & Associates provide IT audit, consulting and training services to financial institutions, medical entities, CPA firms and their clients. The Firm has been providing services in the IT area since 1999 and each year performs hundreds of audit, consulting and speaking engagements with a team of experienced professionals retaining numerous certifications, including CPA, CISA, CITP, CGMA and CTGA. For every engagement, the staff of highly trained professionals tailors the work for the unique makeup, size and complexity of the organization and information and reports are presented in a concise manner, making them easy to understand by those having a variety of IT expertise.
