

Reg. E Compliance: Five Best Practices for Handling Disputes (Webinar)

October 1, 2019 ☐ 10:00am - 11:30am

This webinar was originally scheduled for 9/11/19 and has been rescheduled to 10/1/19.

What will regulators find when they examine your financial institution for Reg E compliance with error resolution procedures? Do your employees know what is required? Do they know that a customer can write their PIN on a card and this will not be considered "negligent" if the card is lost or stolen?

Our topic for the webinar will focus on several simple steps to handle Reg E customer disputes and inquiries. Understanding the rules will help you satisfy the regulators but can also **SAVE YOUR FINANCIAL INSTITUTION MONEY** by only paying the claims that you are *required to reimburse* for **unauthorized transactions**. We will review the steps required to handle disputes and inquiries and the time frames for resolving a claim for an unauthorized transaction. The only way you can be sure that your front line staff is complying with this high-profile consumer protection regulation is by providing **effective training** and providing **sound procedures**.

Program Topics:

- The basic disclosure requirements of Reg E and the definitions that guide the error resolution process.
- What questions should you ask a customer about a disputed transaction?
- What are five "best practices" for handling a Reg E dispute?
- What should be included in an investigation report?
- How do you determine if a customer is liable for an unauthorized transaction? You'll learn practical suggestions for conducting and **documenting** an investigation.
- NEW TRENDS IN DEBIT CARD FRAUD
- Resources to educate customers about fraud prevention

NOTE: This webinar will **NOT** address Visa or MasterCard zero liability rules; only the Federal Reg E dispute provisions are included. The dispute procedures for prepaid card rules will not be included in this session

Who Should Attend:

This webinar will benefit Customer Service Reps, New Account Reps, Teller Supervisors, Deposit Operations staff, Security and Compliance Officers.
