- How setting up accounts improperly can create liability for your financial institution
- Creating consistency in your organization on how accounts are opened
- Signature Card danger zones and what can go wrong
- How CIF systems can create errors in ownership and signature card conflicts
- How to add owners, make changes and other issues after the account is opened
- How to follow the authority trail established in the paperwork
- What can attorney-in-facts do and not do on individual accounts
- How to change business account signers and owners
- And much, much more...
