

Managing a Remote Team Securely & Effectively (Webinar)

September 1, 2020 ☐ 10:00am - 11:00am

With the recent pandemic, many organizations were forced into allowing employees to work remotely presenting a variety of logistical and security challenges. While many employees will go back to the office, some may not. And some organizations may find themselves wanting to embrace the flexibility, reduction in overhead, and other benefits remote work environments present.

This webinar will address the pros and cons of remote work environments and will discuss the technology and security issues that often arise. For organizations that will continue to support remote work, takeaways will include how to collaborate effectively with your team without hindering productivity and practical steps to ensure cybersecurity in this new business environment.

Who Should Attend:

COOs, Technology Officers, Security Officers, HR and anyone managing a remote team.

Webinar Speaker:

CapinTech provides IT audit, consulting and training services to financial institutions, medical entities, CPA firms and their clients. The Firm has been providing services in the IT area since 1999 and each year performs hundreds of audit, consulting and speaking engagements with a team of experienced professionals retaining numerous certifications, including CPA, CISA, CITP, CGMA and CTGA. For every engagement, the staff of highly trained professionals tailors the work for the unique makeup, size and complexity of the organization and information and reports are presented in a concise manner, making them easy to understand by those having a variety of IT expertise.
