

Thumbprint Signature Program

Participation in the Thumbprint Signature Program is very affordable. Below is a description of the supplies and prices. All supplies are professionally printed and are very attractive. The Thumbprint logo appears on all program supplies.

Touch Pads - Pads have a shelf life of 18 months or a minimum of 500 impressions. Banks should order enough for all tellers.

Teller Window Display - These 6" x 3" tent-style display signs should be posted at all teller windows as an additional reminder that the bank participates in the program. The sign reads "For the protection of our customers, Thumbprint Signatures will be obtained from all non-account holders seeking to cash checks."

Statement Stuffers - These 3.5" x 7.5" brochures explain the mechanics of the program. Banks should send brochures as a public service announcement to all account holders and have plenty for anyone who might have questions about the program.

Decals - Banks should post decals at all entrances to let people know they are participating in the program. Decals should also be posted at drive-through facilities.
