

Information Technology Security

Colfax Banking Company

November 6, 2018 ■ 4:00pm - 6:00pm

This course is designed to provide bank employees at all levels with up-to-date information pertaining to a variety of information technology

security issues present in the banking industry today. Topics will include current security threats, causes of security incidents and breaches, the role of employees in maintaining information security and more.

Who Will Benefit

Information systems staff, security officers, cashiers and any bank employee who needs to understand the technology issues in non-technical terms.

Registration Fee

\$65, LBA members

\$100, nonmembers

Workshop Instructor

Traina & Associates provides audit and consulting services to financial institutions, hospitals, medical practices, professional service firms, auto industry dealers, manufacturing, industrial, and construction entities, educational institutions, nonprofit organizations and other small businesses. Each year the firm performs hundreds of audit and consulting engagements with a team of experienced professionals retaining numerous certifications, including CPA, CISA, CITP, CGMA and CTGA. For every engagement, the staff of highly trained professionals completes review procedures in an efficient manner to produce a comprehensive assessment of the client's Information Systems area. All audit reports are tailored for the unique makeup, size and complexity of the organization being audited. Reports are written in a concise manner, making them easy to read and understand by Management and Directors having a variety of IT expertise.
