

# Current IT Issues (Virtual)

This seminar has been change to a virtual program via Zoom

August 4, 2020 - 9:00am - 4:00pm

In today's world, technology impacts every single thing we do and bankers must be aware of the current issues they face. All bank products and services have a technology component, and the usage of these can impact performance and efficiency. This full day course will cover a wide variety of topics important to IT professionals in the industry. There will be ample time for participants to discuss current IT issues and learn more from the instructor and peers about implementing regulatory guidance and best practices in the industry as well as new technologies.

Topics include:

- Recent regulatory guidance related to IT
- Cybersecurity and Technology Trends
- **Pandemic Response Concerns**
- Updated Data Privacy Laws
- Cloud Collaboration Tools

## Who Will Benefit

IT Staff, IS Staff, Audit, COOs, Operations and any others who have technology responsibilities

## Workshop Instructor

CapinTech provides IT audit, consulting and training services to financial institutions, medical entities, CPA firms and their clients. The Firm has been providing services in the IT area since 1999 and each year performs hundreds of audit, consulting and speaking engagements with a team of experienced professionals retaining numerous certifications, including CPA, CISA, CITP, CGMA and CTGA. For every engagement, the staff of highly trained professionals tailors the work for the unique makeup, size and complexity of the organization and information and reports are presented in a concise manner, making them easy to understand by those having a variety of IT expertise.
