

**Corporate Customer Training on Cybersecurity & CATO  
(Webinar Recording)  
(Recorded on April 14, 2021)**

The Corporate Account Takeover (CATO) regulatory recommendations underscore the need for banks to implement a comprehensive customer awareness and education program that focuses on the current threats businesses face and how that can affect their cybersecurity posture. This webinar recording is designed to help you meet that need, with topics including:

- What CATO is and how it happens
- How doing business in a cyber world has changed the threat landscape
- Common security concerns surrounding phishing, patching, malware and user management
- Top tips for maintaining a good cybersecurity mindset

**Webinar Speaker:**

**Capin Technology**, a CapinCrouse company, provides information security

services, including cybersecurity assessments, consulting, and training services, to financial institutions, nonprofit organizations, medical entities, professional services firms, and other organizations. Each year the firm performs hundreds of assessments, consulting, and speaking engagements with a team of experienced professionals retaining numerous certifications, including CPA, CISSP, CISM, CISA, CITP, CGMA, and CTGA. Each engagement is tailored to fit the unique needs of the organization, and information and reports are presented in a clear, concise manner intended for an audience with varying information systems (IS) knowledge.
