

Information Security Training (Webinar)

April 21, 2021 ☐ 10:00am - 11:00am

Cybersecurity is not just an IT Department problem. Every member, including Board Members, plays a critical role in protecting the organization, and banks are expected to regularly train everyone on information security topics. This webinar is designed to meet that need and provide training.

Topics include:

- The current cybersecurity threat landscape and lessons learned
- Common security concerns surrounding phishing, patching, malware, and access management
- Tips for maintaining a good cybersecurity mindset
- Corporate Account Takeover (CATO) and how it happens

Who Should Attend:

Technology Officers, IT and IS staff, Security Officers, COOs, All Bank Employees including Board Members

Webinar Speaker:

CapinTech provides IT audit, consulting and training services to financial

institutions, medical entities, CPA firms and their clients. The Firm has been providing services in the IT area since 1999 and each year performs hundreds of audit, consulting and speaking engagements with a team of experienced professionals retaining numerous certifications, including CPA, CISA, CITP, CGMA and CTGA. For every engagement, the staff of highly trained professionals tailors the work for the unique makeup, size and complexity of the organization and information and reports are presented in a concise manner, making them easy to understand by those having a variety of IT expertise.
