

**Corporate Customer Training on Cybersecurity & CATO  
(Webinar Recording)  
(Recorded on April 12, 2023)**

Regulatory recommendations underscore the need for banks to implement a comprehensive customer awareness and education program that focuses on the current threats businesses face and how that can affect their cybersecurity posture. This recorded webinar is designed to help you meet that need and includes a variety of relevant topics. Learning objectives include:

- Identify what corporate account takeover (CATO) is and how it happens
- Evaluate how doing business in a cyber world has changed the threat landscape
- Review common security concerns surrounding phishing, patching, malware, user management and other relevant areas
- Examine top tips for maintaining a good cybersecurity mindset and baseline cybersecurity practices that can be applied within the organization

**Webinar Speaker:  
Capin Technology, a**

CapinCrouse company, provides information security services, including cybersecurity assessments, consulting, and training services, to financial institutions, nonprofit organizations, medical entities, professional services firms, and other organizations. Each year the firm performs hundreds of assessments, consulting, and speaking engagements with a team of experienced professionals retaining numerous certifications, including CPA, CISSP, CISM, CISA, CITP, CGMA, and CTGA. Each engagement is tailored to fit the unique needs of the organization, and information and reports are presented in a clear, concise manner intended for an audience with varying information systems (IS) knowledge. More information is available at [capintech.com](http://capintech.com).
